Monday Music Memo 14 – 19 June 2023

Today's Musical Memo is a dedication to a musician we lost 14 years ago. It was the 25th of June 2009.

During his lifetime I was not a fan but then a particular performance of one of his songs changed my mind.

The clip below was recorded a month after his death in front of 9 000 people.

A tribute to Michael Jackson.
