Monday Music Memo 17 – 17 July 2023

There was enough music in this morning's film and since you listened to Nadja's talk on Dementia last Wednesday you will have played more music for yourselves. So, I decided not to send any more music today but rather a bit of a brain exerciser.

Below is a list of 7 composers in alphabetical sequence.

C1: Beethoven
C2: Chopin
C3: Elgar
C4: Mozart
C5: Scarlatti
C6: Sullivan
C7: Wagner

And here is a list of 7 words:

W1: Gigon
W2: Leo
W3: Marquis
W4: Mina
W5: Pulcinella
W6: Tommy
W7: Vogelstar

Can you match these? If yes, send me a couple of numbers like C4 & W6, meaning number 4 in the first list belongs with number 6 in the second list.

I will forward the correct list later this week. Happy puzzling. Pete
