Monday Music Memo 22 – 21 August 2023

Peter Cook & Dudley Moore - Music Lesson

As today's film show was cancelled I am sending the MMM out early.

The Russians have just crashed their Luna-25 spacecraft into the moon after not trying for 47 years. The Indians are about to try and land on the moon's south pole by Wednesday. Spain's soccer ladies have beaten England 1 – 0 and Zimbabwe is going to the polls on the 23rd.

We need to laugh some more.

So, I looked around and found this for you: Peter Cook & Dudley Moore
