Monday Music Memo 36 – 27 November 2023

This is the last memo for this year.

I hope you found some of them enjoyable, some inspiring and others contemplative.

Here is a quote to guide us in the future:

Yuval Harari - "Consciousness is the ability to feel things, such as pain, joy, love, and anger."

There will not be any Monday Music Memos in 2024 as I am taking a sabbatical. It was fun putting them together and receiving your comments.

In case you would like to explore on your own here are some suggestions:

1. **Andreas Vollenweider**
 - Dancing With the Lion
 - Behind the Gardens
 - Caverna Magica
2. **Einojuhani Rautavaara**
